PREFACE

We take great pleasure in presenting to our colleagues, friends and well-wishers this third edition of WEST BENGAL UNIVERSITY OFFICERS' DIAL-2011 related to the functionaries in administration in the (State Aided) Universities of West Bengal, including some of our friends in all India Organization (AIFUOA) and those of in some other Institutions of higher learning, national level bodies having bearing on University management. State wise names of Universities are also given here. It is a small hand book containing some relevant information, as often required, not only for those who are associated with a University, but also for others from different walks of life.

Since all may not be well versed with the activities of the **West Bengal University Officers' Association (WBUOA)**, and many would be joining the profession in years to come, an attempt has been made to present a very brief history of the Association.

The **West Bengal University Officers' Association** is the apex body of the Academic Administrators working in different state-aided Universities. The Association previously known as **West Bengal Officers' & Supervisory Staff Association**, was formed in a meeting

9

Association, as per unanimous decision of the 16th conference (Feb. 02), resulting in further amendment of the Constitution. The 17th conference was held at the Vidyasagar University, during Feb. 13-15, 2004, and it was the first after the said amendment. The Association was renamed in the amended constitution as the "**West Bengal University Officers' Association**" comprising only the Academic Administrators, (officers) of the state-aided Universities.

During 29 years since formation of the Association, the Academic Administratives (officers) had to move through many vicissitudes and struggles for implementation of the UGC scale of 1975, 1986, 1996 and 2006 and for several other service benefits. Initially the UGC did not bear liability of Officer's revised pay scale (except in Central Universities) and which unfortunately, was left wholly to respective State Governments that were saddled with fund crunch. This resulted in non-implementation of revised pay-scale in respect of University Officers in many States. This is also an attitude of indifference or of wilful neglect at the end of UGC & Govt. of India.

Through relentless endeavours, movements and voicing of our grievances at appropriate forum, the Association could achieve certain rights and demands, having bearing on the national level, denied by the UGC

11

held in 1975 at the Bengal Veterinary College, (now the West Bengal University of Animal Fishery Sciences) Belgachia, Kolkata. An ad-hoc committee was constituted at that time. With passage of time, a Constitution was made by consensus and as per provision of the same, term of functioning of an elected body of the Association was confined to one year. The Annual General Meeting used to be held each year. Till 1994, fourteen Annual Conferences/General Body meetings were held. In terms of amendment, made in 1995 at the Annual Conference, held at the Kalyani University, the term of functioning of the elected body was extended to two years and since then biennial conferences are being held. The 15th state-level conference of the Association was held at North Bengal University in November 1999. This was, however, the first Biennial Conference after amendment. The next Conference (16th biennial) was held at the Burdwan University campus in February 2002. Some Special Annual General Meetings and extended meetings, in exigency, were held in between 1995-2002 to discuss pay scale, CAS and other urgent issues warranting attention and involvement of the members belonging to respective units. Due to some constraint, supervisory staff of only two Universities, connected with the Association since inception, regrettably, had to be delinked from the

10

or the MHRD since inception of the administrative cadre at University level. We warmly recall the intense struggle through thick and thin throughout 90s, historic struggle of a decade, in achieving some vital demands and rights. The Academic administrators be it mentioned, every awake to their assigned duties, have had been propelling the sheel of administration amidst all strife and stain.

The revised UGC scale of pay, effective from 01.01.96, extended to University Officers in parity with the University Teachers for the first time with stipulation of financial assistane from UGC & State Govt. on 80 : 20 basic till 31.3.2000 enabled the Officers to draw arrears denied so long.

Introduction of CAS/Promotion Scheme of the Officers was approved by the West Bengal State Govt. w.e.f. 1.1.2001, first ever of its kind in the country.

We gratefully remember the encouraging support we received from the then Hon'ble Minister-in-charge, Finance, Higher Education of the Govt. of West Bengal in achieving success in regard to the above. The Vice-Chancellors of the Universities too lent their whole hearted support to our cause and even broached our issues before the State Govt.,UGC and MHRD, Govt of India in individual capacity and also through the *Association of the Universities of*

12

West Bengal, a very important body of our Vice-Chancellors.

The Academic Administrators of the Universities of our state, apart from attending to duty schedules and sparing a chunk of their time for the Association related activities, are also aware of the perspective and the issues, the Universities are faced or confronted with.

During the past few years, a large number of Seminars, Workshops have been organised in each University, some of which being at national and International level, by our respective University Units, under the auspices of the State Committee of WBUOA. Papers were presented by the officers, teachers, scholars and deliberations were made by the Vice-Chancellors, Minister, other Ministers of our State and some personalities of distinction in the field of education and administration on different facets of the themes pertaining to Higher Education in the scenario of Globalisation and the challenges facing government of our institutions, large scale privatisation of educational Institutions, free market economy and falling of the University system under WTO dispensation. Our Association has been struggling to achieve three goals in particular, namely, a quality ambience in the campus and reform of University Acts to keep pace with

13

However, the plot failed. We remained united and through supports from the Hon'ble MPs of different political parties from West Bengal, Assam, Andhra Pradesh, Delhi, we continued our struggle. With the help of Sri Basudev Acharya, MP (West Bengal) we met Sri Arjun Singh, Hon'ble Minister, MHRD to apprise him of our condition. Our Delhi based members were in constant touch with the UGC & MHRD in this regard.

We gratefully acknowledge the support obtained from Sri Somnath Chatterjee, the then Hon'ble Speaker, Lok Sabha, Sri Pranab Mukherjee, Hon'ble Finance Minister, Sri Sougata Ray, Hon'ble Minister of State for Urban Development and other personalities.

Ultimately we met at New Delhi in December, 2008, for which the officers of the universities in an around Delhi provided all sorts of infrastructural support.

On 15.12.2008 we organised an All India Convention followed by the unprecedented and historic "Parliament Abhijan" & "Dharna" at Jantar Mantar on 16.12.2008 and compelled the MHRD to make announcement in the parliament in this regard. Smt. D. Purandareswari, Hon'ble MOS, MHRD made it clear on the very day in the parliament that the university officers would be included in the notification of pay structure to be issued by the MHRD.

15

the changing scenario; best practices in each an every sector of University education and professional development of the administrative personnel.

In the 18th biennial State Conference was held during March 10-11, 2006 in the University of North Bengal, we held a Seminar on "**Best Practice in Higher Education in India**". At the same time we felt the importance of improving coordination among the officers of universities all over the country. With a view to achieving the same, series of seminars were organised at different universities of West Bengal, Tripura & New Delhi. In fact these seminars acted as the foundation stone in building a nationwide movement in support of our justified and legitimate demands for revised pay scale and other service conditions of university officers as per university teachers.

We were apprehensive about the functioning of the Chedha Committee. We felt that the rights of the university officers which remained secured till the last pay committee (Rastogi Committee) were to come under attack and we were proved right. The report of the Chedha Committee not only excluded the issues of university officers but also tried to create a sharp division in the unity by the way of including a section of officers like Librarian, Sports Officer, etc.

14

However, after the notification was issued we noticed serious anomalies and discriminations in respect of university officers. While in West Bengal we have been able to sort out a number of the said problems, the picture of the other states is not that much bright.

At present it is our top priority to continue with our efforts to achieve parity with university teachers in all respects and to make the UGC & MHRD ensure protection of justified rights of the university officers, both Central and State.

The WBUOA is responding to the current challenges and trying to meet those amidst many a difficulty and marching ahead with its pledge.
